We would like to take this opportunity to thank Navcare Solutions Inc., for the professionalism they have shown our company since 2007. It is very important to work with service providers who care about your business daily, and Navcare Solutions have always demonstrated that they are leaders in their field. Communication and follow up are terms we hear daily in business, however Navcare Solutions takes this to a whole new level.

We recommend Navcare Solutions Inc. to any business who is looking for professionals to partner with in the transport service business.

A handwritten signature in black ink, appearing to read "Don Riopel". The signature is fluid and stylized, with a large loop at the end.

Don Riopel
Corporate Logistics Manager
